Economic Development
As part of the ministry of the local church

Economic Development activities focus on restoring local livelihoods, supporting functioning markets, and building economic resilience in crisis-affected and challenging settings.

Training in savings groups, animal husbandry, tailoring and sewing, and other livelihood activities offer opportunities for participants to gain valuable skills, sell goods in the local markets and start small businesses.

As people generate income, they are able to joyfully give regular offerings and tithes. They are also able to meet their basic household needs.

When you give to our **Economic Development fund**, you are investing in local growth, job creation, and in strengthening communities. You are also helping local churches gain financial independence.

Food Security
As part of the ministry of the local church

Through our **Food Security Fund**, you can help people be trained and resourced as they work towards Food Security.

Projects like Conservation Agriculture (CA) offer opportunities for participants to gain valuable farming and entrepreneurial skills, produce enough food to meet household needs, improve nutrition, and sell surplus in local markets.

Livestock are an important component of our Food Security and Economic Development initiatives. In addition to complementing CA activities (improving soil health), animals serve as food (meat, milk, eggs). When animals multiply, they can be used for household consumption, or for selling in the local markets.

Growing Project

Farming in Canada. Making an Impact Globally.

Global Hunger continues to rise. Wars, conflicts, changing climate, inflation and corruption are main drivers causing the hunger crisis.

Through Growing Projects, you can sponsor an acre of farmland in Canada. Funds raised through Growing projects are sent to NCM Canada's account at Canadian Foodgrains Bank.

One Acre: $400

Funds are then used to develop interventions addressing food insecurity through the Canadian Foodgrains Bank, where they may be eligible for a matching grant by the Government of Canada. The projected return is about $500 per acre.

When multiplied up to 4:1 by the Canadian government, $400 becomes as much as $2500, which feeds about 50 families for one month.

Clean Water (WASH)

Provided by the church - available to the whole community

Deep Tube Well:	**$10,000**
Latrines (Toilets):	**$750**
WASH Training:	**$200**

Many in our world still do not have regular access to clean drinking water. Unclean water means sickness, loss of ability to go to work or school, and in some cases, even death. Having clean water access nearby helps save time and energy, and it can also save a life! When you give to our **Clean Water Fund**, you are helping vulnerable people access much needed water, learn about safer hygiene and sanitation practices through Water, Sanitation and Hygiene (WASH) training, and to build latrines.

Your gift to our **Holistic Child Development Fund** goes a long way.

Child Development Centre's (CDC) typically serve 75-100 children and they are designed to meet vulnerable children's physical, mental, emotional, social and spiritual needs. They are intentionally implemented with and through local Nazarene churches.

Ongoing training for teachers and the provision of specialized educational materials for students enhance our efforts to provide meaningful and high-quality education.

Children sponsored through the **NCM Child Sponsorship program** are typically children of Pastors living in conditions of poverty.

Your investment in these children, through giving and prayer, is producing Christlike disciples in the Nations. Call us for more details and to sign up as a Child Sponsor.

Preparing a Place of Refuge

Machaseh means “refuge” in Hebrew—a fitting name for a group home in Trinidad & Tobago created to provide a safe and nurturing environment for children who have experienced abuse and neglect.

Through the Church of the Nazarene in Trinidad & Tobago, Machaseh House has been developed as a place where vulnerable children will receive holistic care that supports their physical, emotional, social, intellectual and spiritual well-being. It is a home where children can be safe; where they can belong; and know the love of Christ.

NCM Canada is one of several ministry partners joining the cause to complete the construction of Machaseh House.

Through prayer, partnership and generosity, a vision for refuge is becoming a ministry of restoration and hope for the most vulnerable among us.

A place of refuge. A place of restoration. A place of hope.

Undesignated
Where most needed

When you give to our **Undesignated Fund**, your gift is used where most needed overseas and in Canada.

Undesignated funds allow us to respond to the needs of vulnerable individuals and families with things like safety, trauma counselling, food, clean water, and shelter.

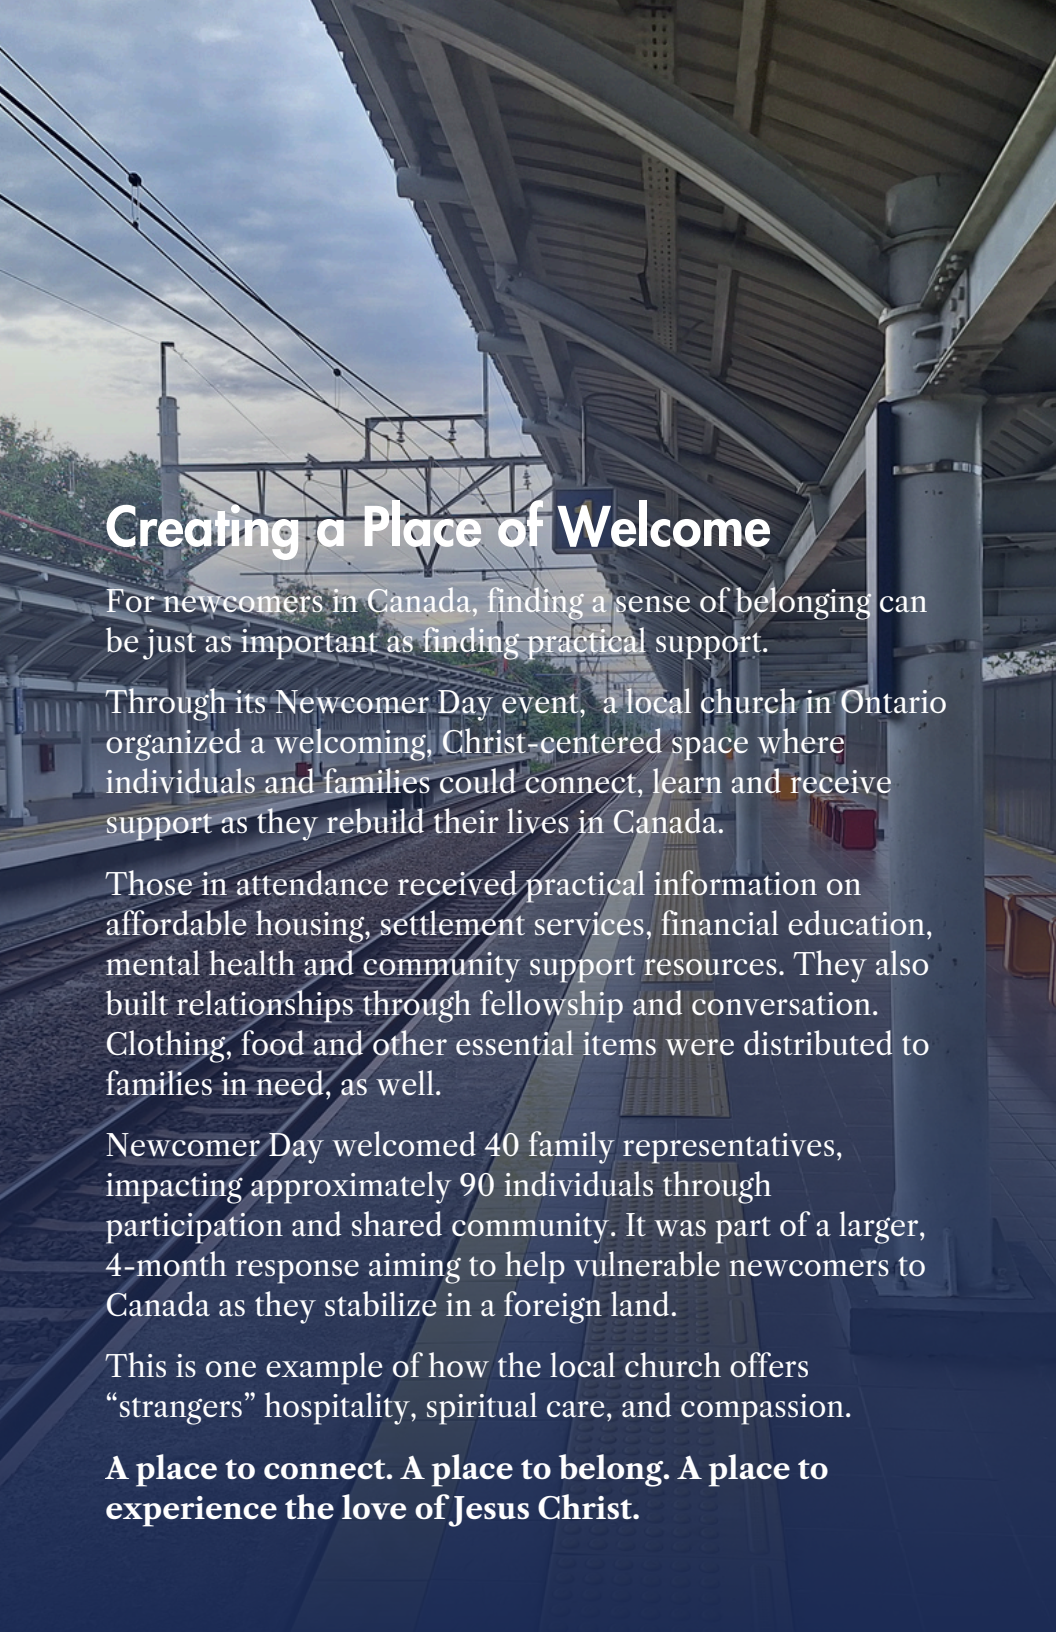

They also allow NCM Canada the flexibility to support projects that are underfunded; respond to unanticipated and urgent needs in the days following a disaster; develop pilot projects in high-need areas in partnership with local communities; and, support Canadian initiatives led by and through local Nazarene churches across Canada.

Your support of our Undesignated Fund is a powerful way to help and offer hope to those in need.

We heard from you across Canada! Churches are uniquely positioned in the communities they belong to. In Canada, NCM Canada partners with local churches responding to disasters (floods, wildfires, etc.), as well as refugee & immigration, anti-human trafficking, indigenous communities and other ministries of compassion.

Creating a Place of Welcome

For newcomers in Canada, finding a sense of belonging can be just as important as finding practical support.

Through its Newcomer Day event, a local church in Ontario organized a welcoming, Christ-centered space where individuals and families could connect, learn and receive support as they rebuild their lives in Canada.

Those in attendance received practical information on affordable housing, settlement services, financial education, mental health and community support resources. They also built relationships through fellowship and conversation. Clothing, food and other essential items were distributed to families in need, as well.

Newcomer Day welcomed 40 family representatives, impacting approximately 90 individuals through participation and shared community. It was part of a larger, 4-month response aiming to help vulnerable newcomers to Canada as they stabilize in a foreign land.

This is one example of how the local church offers “strangers” hospitality, spiritual care, and compassion.

A place to connect. A place to belong. A place to experience the love of Jesus Christ.
